ABOUT

Rodo Acústico is a professional singer and acoustic guitarist with over 25 years of experience performing at luxury resorts, destination weddings, corporate events, and private celebrations throughout Cancún and the Riviera Maya.

What sets Rodo apart is a unique live setup combining acoustic guitar with a live loop pedal — building rhythmic layers in real time, creating a rich, full-band sound as a solo artist. From intimate candlelit dinners to high-energy interactive shows, every performance adapts naturally to the atmosphere.
